

I support media diversity

Dear FCC Commissioners and Others This May Concern,

I am writing this letter to urge you to protect the interests of the American public by voting against any rulings that will allow for further media consolidation and/or loosening of any of the caps that are currently in place. Allowing for further media consolidation and the loosening of current caps will serve as an extremely dangerous opportunity for big business to dominate American markets and to manipulate the American people. In order to keep a select few from gaining complete control and power, it is vital to insure that those types of opportunities do not become available.

My hope is that you will listen to the concerned comments sent to you and that you will find it your duty to protect the public from the dangers of media monopolization.

Thank you,

Athena Lobit
